

Dr. Gupta implemented Canid as the end-to-end solution to solve all vaccination hassles and costs

"The people at Canid are very helpful, they are actually looking out for the practices the best way ever"

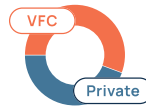

Overview

Independently Owned

Single Provider

40% Private and 60% VFC

2,000+ Vaccines per year

1 Location in Astoria, Queens

The Challenge

VFC and Private vaccines create different challenges

Private

High Cost

High Manual Labor

No Guarantee Payments

VFC

Audits

Slow Shipping

Borrowing

Billing is slow, and revenue is lost in the process

See Patient

Code Claims

Get Paid

Finalize Notes

Monitor EOBs & fix issues

The Solution

Single scan for all vaccines inside the EMR

Canid automates all vaccine billing, including issue resolution

Automated coding

Instant issue resolution

Vaccine expertise

Results

No cost or hassle for VFC or Private vaccines

60 - 90 days to get paid

30 days to get paid

5% error rate

<1% error rate

Premier Pediatrics modernized their vaccine program, saving money and letting the staff focus on more important things

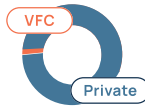

Overview

Independently Owned

6 Providers

98% Private

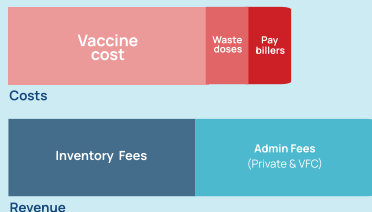

10,000+ Vaccines per year

2 locations in Manhattan and Brooklyn

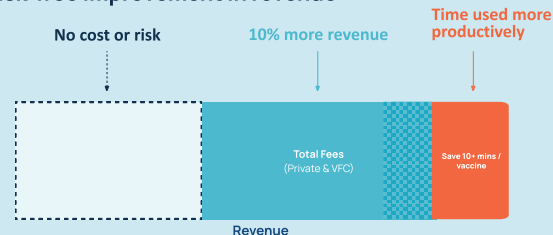

The Challenge

1M+ in cost with billing & fees higher than margin

The Solution

Risk-free improvement in revenue

Results

\$100K

In additional revenue and saved fees after 1 year of working with Canid.

High manual labor

High turnover cost

Overloaded employees

Automated workflow

Easy process, no training needed

Staff focused on patient care

30 second scan

10 min saved per vaccine

Staff can focus on kids
