TOWN COUNCIL DISCUSSION
Item IV. A – Parks & Recreation Community Survey

Summary:

Council is requested to receive a summary report from Jen Jenkins regarding a Community Survey regarding future planning for her department.

A copy of the Survey results from the Round One questions is included.

A proposed list of questions for a Round Two Survey is also included.

Staff desire Council input on the Survey Results and on the Round Two questions in an effort to narrow the survey results for future Parks & Recreation planning.

415 responses

Potential Second-Round Survey Draft

Thanks to everyone who provided feedback for the Ralph Dean Recreation Park master plan survey.

We received 415 responses, and the following amenities were the highest rated for inclusion in the plan update:

13. Swimming Pool – 328
14. Community Center – 202
15. Splash Pad (write-in) – 142
16. Basketball Court – 126
17. Expansion of Fitness Trail – 113
18. Additional Picnic Shelters – 101
19. Amphitheater – 93
20. New Playground Area – 75
21. Tennis Courts – 46
22. Athletic Practice Field - 43
23. Additional Pickleball Courts – 35
24. Expansion of Skate Park – 27

Based on these results we would like to gain some additional community input.

Please select your option of highest interest. Both options could feature a Community Center with office spaces, indoor athletics, meeting rooms, food court, and potential for a co-located splash pad.

1. Indoor Aquatic Center – Operational year-round and may include a junior Olympic-sized pool which could accommodate local swim teams, physical therapy, aqua aerobics, public swimming access, etc.
2. Outdoor Aquatic Center – Operational 3+ months per year and may accommodate public swimming access, children’s pool, etc.

Are you a Town of Luray Resident (Yes, No)

If yes, please answer the following question.

Aside from the Town’s water and sewer plant construction, an indoor aquatic center would be the single-most expensive construction project for our community to date. Depending on options, costs for either an indoor or outdoor aquatics center could range between \$2M-\$6M or more. Given the estimated costs for construction, annual operation, and debt service are you:

1. Willing to incur a 20%-30% increase in real estate tax to fund this project? (Yes, No, Maybe options)
2. Willing to incur a 10% increase in real estate tax to fund a smaller-scale facility? (Yes, No, Maybe options)

We greatly appreciate your input and consideration as we work to further refine the Ralph Dean Recreation Park Master Plan.

Ralph H. Dean Recreation Park Survey

We are seeking public input on park amenities for inclusion in an updated Master Plan for the Ralph Dean Recreation Park in Luray, VA. Your input is greatly appreciated.

This survey will be open until December 31, 2025.
