Town of Luray
45 East Main Street
P.O. Box 629
Luray, Virginia 22835

PUBLIC NOTICE

November 2, 2026

The Town of Luray will begin lowering water level at Lake Arrowhead on Monday, November 2, 2026 for annual maintenance. The water level will drop approximately 10 feet.

The Town will be conducting lakeside vegetation removal, maintenance and inspection of the emergency water intake pipe, safety inspection of the dock and repair of wave berm erosion at the shoreline.

During the period of lowered lake levels, boats will not be able to launch from the dock or boat ramp. Following the maintenance work, the lake will naturally fill to its normal level over the next few months.

We apologize for the disruption of normal recreational use, but the maintenance is necessary for safe operation of the lake as a stormwater control and emergency water source for the Town of Luray.

If you have any questions, please contact the Town's Department of Parks & Recreation at (540)843-0770.
