

IEDM

When the world is watching, we deliver.

ABOUT US

Australia's Leading Multi-Disciplinary Engineering and Project Delivery Firm for major event and sports facility projects.

OVERVIEW

Permanent stadiums.
Temporary overlays.
Motorsport circuits.
Urban infrastructure.

Complete solutions from a
single, integrated team.

40
years

For 40 years, we've delivered Australia's most complex event infrastructure projects. When governments and event organisers need certainty, they trust iEDM.

CLIENTS

We support governments and major organizations throughout Australia with specialised expertise in projects that demand individual user experiences and complex technical solutions.

From permanent sports infrastructure and motorsport facilities to major event overlays and urban planning, our multi-disciplinary teams navigate the unique pathways required to deliver exceptional outcomes.

THE TEAM

Led by a senior team with legendary experience from motorsport to Design, engineering, event management and major infrastructure construction.

INDUSTRY SECTORS

Design-led solutions for projects that require a unique approach. Supporting Governments and large organisations across Australia.

MAJOR EVENT OVERLAY

Transforming Spaces Into World-Class Event Venues.

From Formula 1 street circuits to Olympic venues, festival sites to championship tournaments, iEDM specializes in overlay infrastructure that creates exceptional experiences.

MOTOR SPORT

Circuit Design, Engineering & Delivery for Racing Excellence.

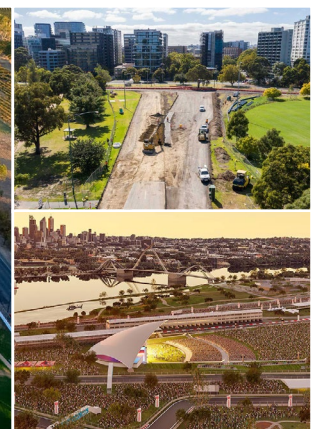

From Formula 1 to Supercars, club racing to international championships, iEDM delivers complete motorsport infrastructure solutions.

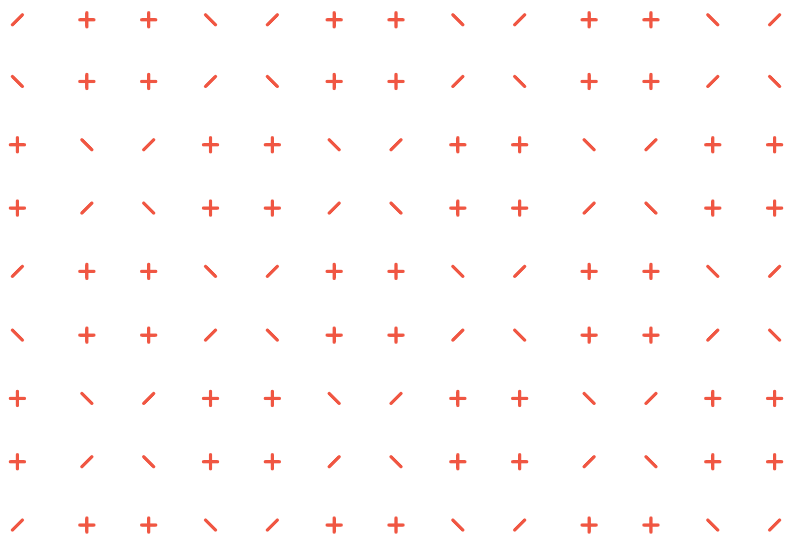

CAPITAL INFRASTRUCTURE

Permanent infrastructure projects.

From sports facilities and venues to urban infrastructure that supports events and tourism, we deliver capital projects where design quality, delivery certainty, and operational excellence matter.

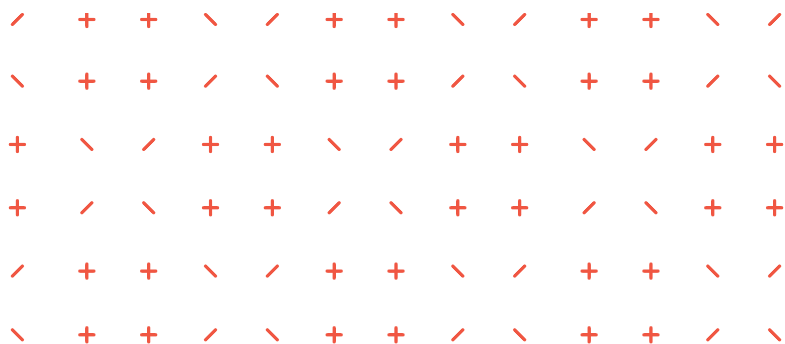

I have been fortunate enough to work with the iEDM team on multiple projects and have enjoyed their solution focused approach to work and their willingness to collaborate with all areas of the business. They have consistently delivered the largest sporting event infrastructure build in South Australia on budget and on time.
