C1 FORM**Application to DFES for Connection of Premises as a DBA Site****Important Information**

The signatory accepts all costs associated with the cancellation of this DBA application if cancelled prior to completion.

The signatory acknowledges where the DBA monitoring is compromised due to low signal strength, DFES / FAMS will issue a quotation to the signatory acting on behalf of the client or to the client to install any and all such equipment as required to resolve issues with low signal strength. Upon authority DFES / FAMS will complete the required work.

The client may choose to engage their own contractor to complete the work required to resolve issues with low signal strength. Assistance from FAMS may be required to finalise the connection at the Alarm Signalling Equipment (ASE) at the standard rate as per Schedule 2.

DFES / FAMS accepts no responsibility for any delays with DBA Connections compromised by low signal strength.

5. Applicant's Declaration

i This section is to be completed by a representative from each party nominated in **Section 3. Connection Payment Arrangement / Details.**
