Emergency WA Mobile

Easy Read User Guide

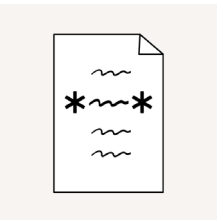

About Easy Read

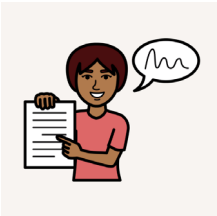

This is an Easy Read book.

Easy Read uses simple words and pictures to explain ideas.

New words are ***bold with stars***.

We explain what new words mean.

Easy Read is a summary.

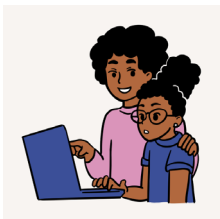

Links to more information are at the end of this book.

Who wrote this book?

This book is from the Department of Fire and Emergency Services or ***DFES***.

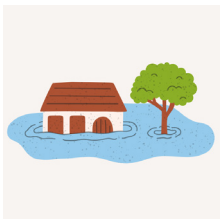

DFES helps people in ***emergencies***.

Emergencies include dangerous events like

- fires

- floods

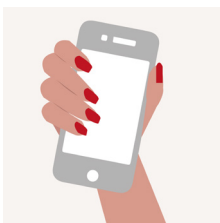

- storms.

What is this book about?

This book is about the
Emergency WA app.

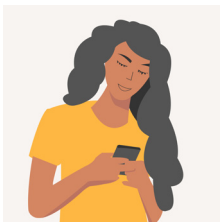

The app works on your

- mobile

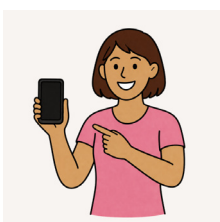

- tablet.

The app has the latest emergency advice.

It helps you be safe in emergencies.

This book will explain how to use the app.

How to use the app

You do not need an account to use the app.

The app has sections that show important information. Tap on buttons to go to different sections.

Map

This button takes you to the Map.

Warnings

This button takes you to Warnings.

Inbox

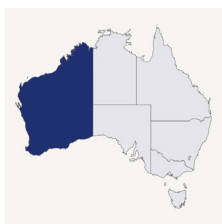

This button takes you to the Inbox.

My hub

This button takes you to My Hub.

Map

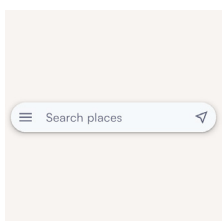

The map shows you a picture of your area.

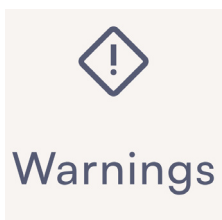

This button can show different types of alerts.

This button can show where you are on the map.

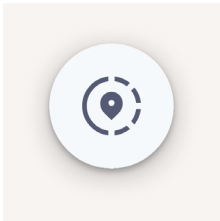

You can search for places to see warnings there.

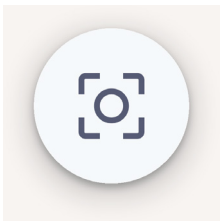

This button shows different types of warnings.

This button goes to your account and settings.

This button shares where you are.

This button zooms out to show a bigger area.

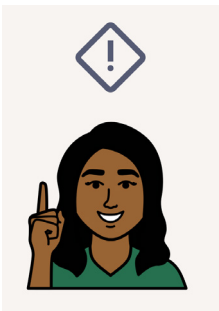

Warnings

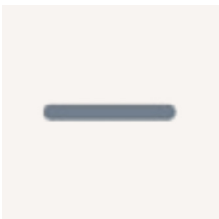

This button reads the warning out loud.

This button gives you more information about each warning.

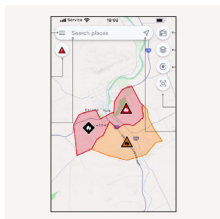

You can see a list of warnings for your area.
The warnings tell you what to do next.

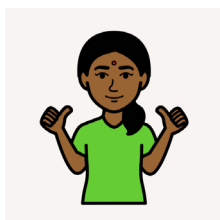

This button drags the warning and map view into focus.

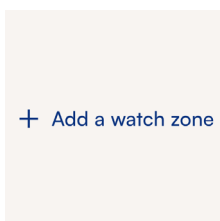

My Hub

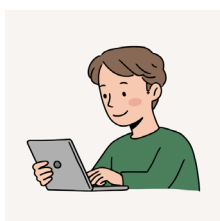

A ***Watch Zone*** is a mapped area that is important to you.

You can choose the area.
For example, where you live or work.

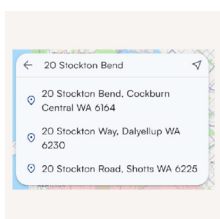

This button adds a Watch Zone.

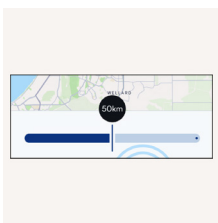

You can use the search tool to choose a Watch Zone by

- typing in a suburb

- typing in an address.

You can choose the size of your watch zone by sliding the button.

This button saves an area.

You can choose what types of alerts and warnings you want to see for the Watch Zone.

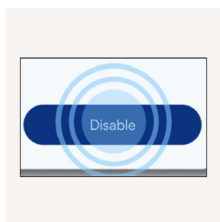

These buttons turn different types of alerts and warnings on or off.

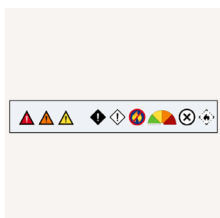

Press the save button for the app to remember the types of alerts and warnings you need.

This button turns Watch Zones on or off.

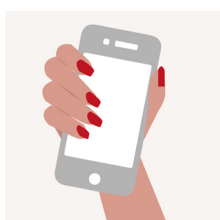

This button checks you want to turn off a Watch Zone.

These pictures show the types of alerts and warnings you are watching.

The app will ask you to read and agree to rules when you add a Watch Zone.

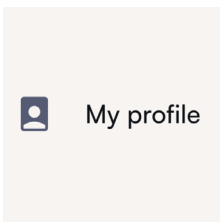

You can get a message on your phone if there is an alert or warning in your Watch Zone.

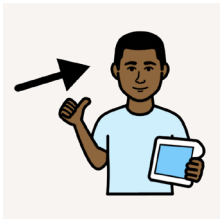

Account and Settings

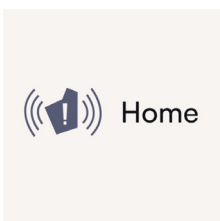

You do not need to make an account to use the app.

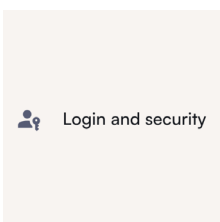

This is where you can see your name and details if you make an account.

You can make choices about how the app looks.

This button takes you back to the map.

This button shows your security settings.

This button shows your app settings.

This button shows more information about the app.

This button makes the screen look light or dark.

This button can log in.

This button can log out.

This button takes you back.

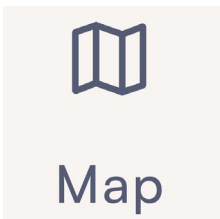

Calling Triple Zero

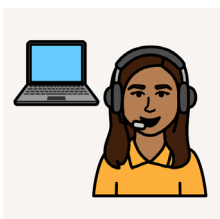

There is a red **Call 000** button in each section.

You can click the red button to call for urgent help.

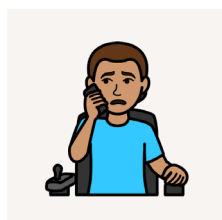

The app can show information about where you are on the map.

You can give the information to emergency services so they can find you.

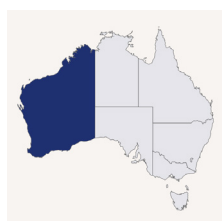

More help

Are you in an emergency now?

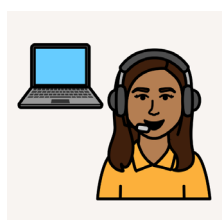

Call 000 if your life is in danger.

Emergency help from SES

The ***SES*** is our State Emergency Service.

The SES can help if your home has been damaged from cyclones, floods or storms.

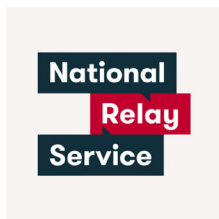

Call 132 500

Free services to help you on phone calls

Call 131 450 for the Translating and Interpreting Service if English is not your first language.

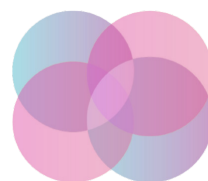

Call 1800 555 660 for the National Relay Service if you have communication support needs.

Call 1800 555 677 if you use a teletypewriter or TTY.
