

1-Hour Lunch & Learn | CEUs: Self-Report Eligible*

Join **The Green Engineer** for an engaging one-hour Lunch & Learn session exploring the latest developments in sustainable building certification. Designed for architects, engineers, developers, and sustainability professionals, this session offers a timely and practical introduction to LEED v5, the most comprehensive update to the rating system to date. As part of The Green Engineer's ongoing commitment to clients and partners, these sessions are designed to prepare your team for the latest developments in sustainable building standards and help you stay ahead of the curve as the industry transitions to the new standard.

Attendees will walk away with a clearer understanding of what's changing, what it means for their projects, and how to position themselves for success under the updated rating system.

»» Session Topics Include

- Introduction to the LEED v5 Rating
- Overview of updated framework and Impact Areas
- Insights into decarbonization, equity and performance goals
- Live Q&A with The Green Engineer's team of industry experts

»» About The Green Engineer, Inc.

- The Green Engineer brings fresh knowledge and continued passion to every project, offering a wide range of sustainability consulting and certification services. Whether supporting a new development or an existing building, their team is equipped to assist with:
 - LEED Project Management
 - Health and Wellness Certification Project Management including WELL, Fitwel, and Living Building, as well as materials health consulting
 - Passive House Modeling and Certification Project Management
 - Whole Building Life Cycle Analysis and Embodied Carbon Reduction Consulting
 - Daylight Analysis
 - Energy Benchmarking, Existing Building Decarbonization, and Climate Action Planning
 - Utility Incentive Technical Assistance, with regional reach including NYSERDA upstate
 - Net Zero Analyses and Planning
 - ILFI Core/Zero Carbon Project Management
 - Regulatory and Zoning Approval Assistance

**While this session takes place during the lunch hour, lunch will not be provided. The term refers to the timing of the session, offering an opportunity to gain valuable insights during your midday break.*
