Getting started

To enroll in a DeltaCare USA plan, simply complete the enrollment process as directed by your benefits administrator. Select a new DeltaCare USA dentist or check to see if your preferred general dentist is in-network.

Once we process your enrollment, we'll mail you welcome materials that will include:

- **The name, address and phone number of your selected general dentist or instructions on how to select one.** Simply call the dental facility to make an appointment. Important note: In order to receive benefits under your plan, you must visit your general dentist facility. You can visit any DeltaCare USA general dentist at your selected dental facility as long as they are in the DeltaCare USA network.
- **Your Evidence/Certificate of Coverage (plan booklet).** This useful document provides a thorough description of how to use your benefits, including covered services, copayments and any limitations and exclusions of your plan.
- **An ID card.** This card is for your records only — you do not need to present it in order to receive treatment.

Visit **deltadentalins.com** to create a free, secure online account. You can access your plan benefits and ID card, select (or change) your general dentist and more.

General plan information

You and your eligible dependents have emergency dental service coverage for out-of-area emergencies.[3] Your out-of-area emergency benefit (typically limited to $100 per person) is for services to relieve pain until you can return to see your general dentist.[4] Standard plan limitations, exclusions and copayments may apply.

[1] In AZ, MD, and TX, if you do not select a dentist when you enroll, we will choose one for you.

[2] If you have not yet been assigned to a DeltaCare USA general dentist, you can do so by visiting any DeltaCare USA general dentist that is accepting new patients. When your selected dentist files a qualifying claim, you will be added to their roster and they will become your assigned DeltaCare USA general dentist. Once assigned, you must visit this dentist for future visits to receive benefits. Dependent children under the age of 14 may obtain covered care from an in-network pediatric dentist without referral from a general dentist.

[3] State-specific minimum distance requirements may apply.

[4] In TX, there is no limit on the number of miles or on the dollar amount per emergency.

Pay only your copayment

There are no exclusions for most pre-existing conditions, except work in progress.[5] Treatment in progress includes services such as preparations for crowns or root canals, or impressions for dentures. If you started treatment before your plan's effective date, you and your prior dental carrier are responsible for any costs. Some DeltaCare USA plans may cover in-progress orthodontic treatment.

Glossary

Here are some common terms that will help you understand your plan:

Authorization: The process by which Delta Dental determines whether a procedure or treatment is a referable benefit under your plan. Your assigned general dentist must obtain prior authorization from us to refer you to an out-of-network specialist or out-of-network orthodontist. Services performed by an out-of-network dentist, specialist or orthodontist that are not authorized by us will not be covered.

Copayment, or copay amount: The fixed dollar amount a member is responsible for when receiving treatment.

DeltaCare USA dentist: A dentist who is a member of the DeltaCare USA network. These dentists have contracted with Delta Dental and agreed to accept negotiated fees for the services provided to DeltaCare USA members. You must visit a DeltaCare USA dentist to receive plan benefits.

Diagnostic and preventive services: A category of dental services that includes benefits for oral evaluations, routine cleanings, x-rays and fluoride treatments. There are low or no copayments for these services to encourage you to seek regular care and prevent problems from developing.

Effective date: The date your dental plan becomes active. Also, the date a member becomes eligible for benefits.

Limitations and Exclusions: Limitations are usually related to a specific time or frequency — for example, a plan may cover only two cleanings in a 12-month period or one cleaning every six months. Exclusions are services not covered by a plan.

(Dental) Referral: Directing a patient to a dental specialist by a general dentist. When specialty dental care is needed, your general dentist will refer you to a trusted specialist in the network.[6]

Specialist services: Services performed by a dental specialist, such as oral surgery, endodontics, periodontics or pediatric dentistry. When specialty dental care is needed, your general dentist will refer you to a trusted specialist in the network.[6]

[5] In TX, there is no exception for work in progress for covered DeltaCare USA benefits.

[6] Dependent children covered under a DeltaCare USA plan have the option to seek dental care from a pediatric dentist through the age of 13, whether or not the child has an assigned general dentist. Referrals to visit a pediatric specialist are not required. If the pediatric dentist determines that additional specialty care is needed, they may refer pediatric patients directly to other specialists, such as an orthodontist. At age 14, covered dependent children must obtain care from their assigned DeltaCare USA general dentist.

SCHEDULE B

Limitations and Exclusions of Benefits

Limitations and Exclusions below with age restrictions will be subject to exceptions based on medical necessity.

Limitations

1. The frequency of certain Benefits is limited. All frequency limitations are listed in *Schedule A, Description of Benefits and Copayments.*
2. If You accept a treatment plan from the Contract Dentist that includes any combination of more than six crowns, bridge pontics and/or bridge retainers, You may be charged an additional $100.00 above the listed Copayment for each of these services after the sixth unit has been provided.
3. General anesthesia and/or intravenous sedation/analgesia is limited to treatment by a contracted oral surgeon and in conjunction with an approved referral for the removal of one or more partial or full bony impactions (Procedures D7230, D7240, and D7241).
4. Benefits provided by a pediatric Dentist are limited to children through age 13 less applicable Copayments. Exceptions for medical conditions, regardless of age limitation, will be considered on an individual basis.
5. The cost to You for receiving orthodontic treatment when coverage is cancelled or terminated for any reason will be based on the Contract Orthodontist's submitted fee for the treatment plan. The Contract Orthodontist will prorate the amount for the number of months remaining to complete treatment. You make payment directly to the Contract Orthodontist as arranged.
6. Orthodontic treatment in progress is available to You, if at the time of Your original effective date, You are in active treatment started under Your previous group dental plan, as long as You continue to be eligible under the DeltaCare USA Plan. Active treatment means tooth movement has begun. You are responsible for all Copayments and fees subject to the provisions of Your prior dental plan. We are financially responsible only for amounts unpaid by the prior dental plan for qualifying orthodontic cases.
7. Teledentistry services provided by a Dentist other than Your Contract Dentist are considered Out-of-Network and may result in an out-of-pocket cost to You, unless coverage is required under other law.
8. Coverage for orthodontic treatment is limited to conventional orthodontic services, which includes clear aligner therapy (e.g., Invisalign™ and Sure Smile™). We consider lingual brackets, clear (composite or ceramic) brackets to be specialized services. When treatment using lingual brackets or clear (composite or ceramic) brackets is provided, We will make an allowance for conventional orthodontic services. You are responsible for Your Copayment for the conventional orthodontic treatment plus the additional fees related to the specialized services (lingual brackets or clear brackets).
9. X-ray Limitations:
    - When the frequencies for the comprehensive radiographic images (D0210) and panoramic images (D0330) differ, the least restrictive frequency will apply.
    - Panoramic images are not considered part of a comprehensive intraoral series.
    - Bitewing x-rays of any type are included in the fee of a comprehensive series when taken within 6 months of the comprehensive images.
    - Bitewing x-rays are limited to two images for under age 10.
    - Image capture procedures are not separately billable services.

Exclusions

1. Any procedure that is not specifically listed under *Schedule A*, *Description of Benefits and Copayments*.
