

Seed Potatoes Have Arrived – Let's Get Growing!

Our seed potatoes have officially arrived, and it's the perfect time to start planning your best garden yet! Seed potatoes are an easy and rewarding crop that delivers a generous harvest right from your own backyard. We've brought in quality varieties. Stop in early for the best selection and get growing this season!  

POTATO PLANTING

#1 Add compost or manure to enrich your soil!

#2 Plant seed potatoes in the soil! Soil temperature should be above 10-15C

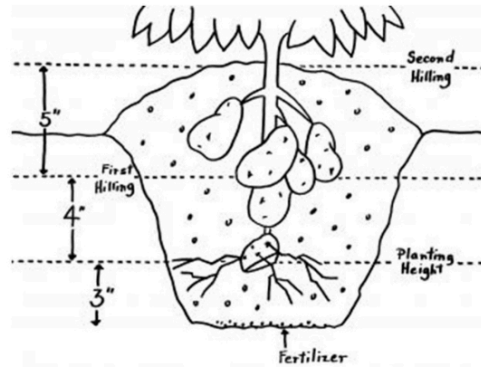

#3 Hill soil up the stems as they grow 1x-2x

#4 Add Mulch or Straw to Cover New Potatoes!

#5 When plants are dead, dig a bountiful harvest!

*make sure all new potatoes are covered with dirt or they will turn green.

*New potatoes are forming when plants are flowering
