2026 EASTERN REGIONAL BIATHLON CUP #2

** MASS START 60 explained:

The start-set-up is the same as for the traditional Mass Start, just with 60 athletes instead of 30. The first 30 athletes (bib 1-30) continue skiing without shooting or passing the range, and they go for a second loop on the course. 30 athletes (bib 31-60) ski up to the range for their first shooting bout. After the second loop, the procedure is vice versa: The first 30 athletes (bib 1-30) shoot their first bout of shooting. The second 30 athletes (bib 31-60) continue skiing without shooting. After all athletes have conducted their first shooting bouts (in acc. with Art. 8.2.1), the competition is organized as in a pursuit, i.e. the first athlete coming up to the range for the second prone shooting will be directed to lane 1, the second ranked athlete to lane 2, etc.
