IT Continuity Planning

- Business Impact Analysis
- Gap Analysis & Remediation Strategies
- Recovery Procedures & Test Plans

Program Management

- Assess Existing Technology and Skills
- Budgetary Planning & Tech Roadmaps
- Governance, Risk, and Compliance

PAST PERFORMANCE & EXPERIENCE

NvisionKC has created and migrated new SharePoint intranet resources, developed custom Microsoft Teams-based applications, and implemented automated reports for use in organizations exceeding 2,500 employees in the United States and Canada. We are intensely customer-focused; since inception, we have maintained a 99% client satisfaction and a 95% retention rate.

Our team has rebuilt numerous dashboard portals incorporating reactive, modern designs for organizations of up to 5,000 users. Our application redesigns have resulted in up to 495% increases in user adoption, often with no increased licensing or subscription costs.

Our executive team has provided comprehensive, innovative technical solutions to over 200 customers, including Fortune 500, financial, medical, legal, educational, and municipal organizations in sizes of up to 12,000 locations, 120,000 users, and \$1B in market capitalization.

Our staff was integral to the on-time and on-budget delivery of all phases of the networking and voice systems for the early and on-budget KCI Single Terminal Airport project, supporting 1,000 employees and over 1,000,000 passengers per month.

“HIGHLY RECOMMEND NVISIONKC”

We were under a tight schedule with a legacy application in our environment, and the NvisionKC team stepped in with remarkable response and efficiency. Their deliverables were precisely what we needed, with exceptional quality and attention to detail. Their expertise truly exceeded our expectations. Highly impressed and satisfied with their outstanding work!

—City of Leawood

“ATTENTIVE, PROFESSIONAL, AND RESPONSIVE”

NvisionKC was a pleasure to work with – attentive, professional, and responsive. They exceeded our expectations and met our deliverables in a timely manner, while also being adaptive to project changes. We would highly recommend their services for business automation and application development.

—Every Energy Partners
