## I. PURPOSE

The purpose of this policy is to document the requirements for posting radiation signs within Carolina Family Dental Center.

## II. POLICY

It is the policy of Carolina Family Dental Center to appropriately post required signage regarding radiation warnings and safety within the building. The signage will ensure that the risk of radiation exposure to the patient, and other persons is. The signage also ensures compliance with the "North Carolina Regulations for Protection Against Radiation" (10A NCAC 15). The required postings include Notices to Workers (10ANCAC15.1002), Technique Chart (10A NCAC 15.0603), and Radiation Warning Sign (10A NCAC 15.1623).
