

TOP 10 PACKING TIPS

MOST IMPORTANT!

For more packing tips visit www.storagescholars.com/how-to-pack

01 Labeling

- Place a sticker label **INSIDE EVERY ITEM** (boxes, suitcases, plastic bins, etc.) in case the outer label falls off or the writing gets smudged.
- Apply at least two sticker labels on non-box items (outside).
- For hard-to-label items, use our zip ties and attach a sticker label like a luggage tag.

02 Defrost Fridge

Unplug 48 hours before departure. Ensure that it's clean and dry.

03 Shipping Boxes

- Use colored marks for labeling — not black.
- For immediate shipping, stick your FedEx label in our provided pouch and adhere it to the box.
- Separate item counts for stored vs. shipped items.

04 TV & Monitors

Use a TV box or original packaging to avoid additional packing charges. Proper protection of these items is required.

05 Photos

Upload photos of your items to your account for value protection purposes.

10 Value Protection

Please make sure to add coverage so your items are properly protected.

06 Mattresses & Bedding

Protect with a mattress bag or other secure protective covering. Additional charges will apply if these items need to be protected by our movers.

07 Fragile Items

Make sure to protect all fragile items, especially mirrors, frames, and glass, to avoid additional packing charges.

08 Plastic Bins

- Do not tape bins together.
- Tape bin drawers shut.

09 Economic Packing

Start by filling non-box containers like plastic bins or suitcases to save space.
