Purpose of this Scheme of Delegation

As a Multi Academy Trust, Abbey MAT operates under a single legal and charitable framework. The Trust Board is accountable in law for all decisions affecting the Trust and its academies. This *Scheme of Delegation* (SoD) defines how authority and accountability are distributed within that framework.

The Scheme ensures that Members, Trustees, Committees, Local Governing Boards (LGBs), the Central Teams, and Academy Leaders understand their respective roles, responsibilities, and reporting relationships. It clarifies who makes decisions, who advises, and who monitors and holds others to account.

While the Board retains overall responsibility for performance, compliance, and governance, it delegates specific duties to enable effective and timely decision-making. No committee or individual may act without formal delegation.

This document should be read alongside the Trust's *Financial Scheme of Delegation* (FSoD) and *Financial Regulations*, which set out detailed delegations for financial transactions in accordance with the Department for Education's *Academy Trust Handbook* (ATH).

Governance Structure and Accountability

The Role of the Trust Board

The Trust Board is the accountable governing body of Abbey Multi Academy Trust. It holds ultimate responsibility for the strategic direction, educational outcomes, financial integrity, and legal compliance of the Trust and its academies. Acting collectively, Trustees ensure that the Trust fulfils its charitable purpose, promotes its vision and values, and delivers high-quality education for every pupil across all schools within the Trust.

The Board operates within the Trust's Articles of Association and in line with the Department for Education's *Academy Trust Governance Guide*. Its key functions are to:

- 1. Provide Strategic Leadership:** Define and promote the Trust's vision, ethos, and long-term strategy, ensuring that all academies work together to deliver educational excellence and equality of opportunity.
- 2. Ensure Accountability and Assurance:** Hold executive leaders to account for the performance of pupils, staff, and schools. Maintain oversight of financial management, compliance, and the effective use of public funds.
- 3. Oversee Safeguarding, Risk, and Compliance:** Ensure that pupils are safe and well cared for, that safeguarding policies are implemented effectively, and that the Trust complies with all statutory and regulatory requirements. Maintain robust systems for managing risk across finance, operations, and education.

4. **Foster Culture and Stakeholder Engagement:** Uphold a culture of integrity, transparency, and inclusion. Engage meaningfully with pupils, parents, staff, communities, diocesan partners (where applicable), and regulators to build trust and accountability.
5. **Delegate and Oversee Governance Functions:** Delegate authority appropriately to Committees, Local Governing Boards, and individuals while retaining ultimate accountability. Review and amend delegated powers as necessary to ensure effective governance at every level.

The Role of the Chief Executive Officer(s)

The Board appoints the Chief Executive Officer(s) (CEOs) as the principal executive leaders responsible for delivering the Trust's vision and strategic plan. The Co-CEOs oversee educational and financial performance, statutory compliance, and operational management across all academies. They are accountable to the Board for the overall conduct, performance, and improvement of the Trust.

Committees of the Trust Board

To support effective governance and ensure rigorous oversight, the Board has established standing committees, each operating under approved *Terms of Reference*.

The current committees are:

- **Audit & Risk Committee:** monitors internal controls, risk management, and compliance.
- **Finance & Resources Committee:** oversees financial planning, resourcing, and estates.
- **People Committee:** manages staffing, pay, and workforce policy.
- **Standards Committee:** scrutinises academic outcomes, curriculum quality, and pupil welfare.

Each committee reports to the Trust Board at every full meeting, offering assurance and recommendations within its area of delegated authority.

Local Governing Boards

At academy level, the Trust Board delegates certain responsibilities to **Local Governing Boards (LGBs)**, which act as committees of the Board.

LGBs are responsible for:

- Monitoring the quality of education and pupil outcomes within their academy.
- Ensuring compliance with safeguarding, statutory, and Trust policy requirements.
- Supporting and challenging the academy leader and leadership team.
- Promoting stakeholder engagement with parents, staff, and local communities.

Each LGB operates within its approved *Terms of Reference*, aligned to this Scheme.

Collaborative Governance

Abbey MAT promotes transparent and collaborative governance. Chairs and Vice Chairs of LGBs meet half-termly with the Chair of Trustees and the CEOs through the **Chairs' Group**, ensuring consistent communication between local and Trust-level governance. Committee Chairs also report formally to the Trust Board, maintaining oversight and alignment across all layers of governance.

Lines of Accountability

This Scheme defines clear tiers of responsibility and accountability:

Level	Primary Role	Accountability
<i>Members</i>	Guardians of the Trust's constitution and charitable purpose	To the DfE and Charity Commission
<i>Trust Board</i>	Strategic leadership, compliance, and overall performance	To the Members and regulators
<i>Committees</i>	Detailed oversight in delegated areas	To the Trust Board
<i>Chief Executive Officer(s)</i>	Strategic and operational leadership of the Trust	To the Trust Board
<i>Local Governing Boards</i>	Monitoring academy performance and stakeholder engagement	To the Trust Board
<i>Academy Leaders</i>	Day-to-day management of academies	To the CEOs and LGBs (as appropriate)

Each tier is expected to act in partnership, ensuring that decisions are transparent, evidence-based, and consistent with the Trust's mission and values.

Trustees' Powers and Responsibilities

The Trustees hold overall responsibility and final authority for all work of the Trust, including the establishment and operation of academies. Their duties are exercised through strategic planning, policy setting, budgetary control, and monitoring standards and outcomes.

The Trustees must:

- Act within the Trust's charitable objects and comply with all relevant legislation and regulatory requirements.
- Follow lawful directions from the DfE.
- Have regard to the advice of the Diocesan Board of Education (DBE), particularly in respect of the Trust's Church of England academies.

The Trustees act in the interests of all academies collectively and may delegate responsibilities to committees, Central Team, or individuals, while retaining ultimate accountability.

As of this Scheme's effective date, the Trust has four principal committees (Audit & Risk, Finance & Resources, People, and Standards) and Local Governing Boards (LGBs) established for each academy. In some cases, a single LGB may serve more than one academy.

Each committee and LGB operates under specific *Terms of Reference* and within the parameters defined by this Scheme. Delegations are reviewed annually and may be withdrawn if necessary, particularly where a committee or LGB fails to meet its responsibilities.

The Trust Board reserves the right to:

- Overrule decisions made by a delegated body;
- Withdraw or amend delegated powers; and
- Suspend or replace an LGB if required.

Appointment to Committees and Local Governing Boards

All appointments to Committees and Local Governing Boards (LGBs) are approved by the Trust Board in line with Trust policy and the Articles of Association. Details of each appointment, including membership, quorum, and procedural arrangements, are set out in the relevant *Terms of Reference*. Membership is reviewed annually to ensure that every governance body maintains the appropriate skills, experience, and diversity needed for effective oversight and decision-making.

Delegated Powers and Principles of Delegation

The *Scheme of Delegation Summary of Responsibilities and Checklist* outlines specific decision-making responsibilities across the Trust. It defines who decides, who recommends, who advises, and who is consulted.

Delegation operates under the following principles:

- All authority derives from the Trust Board.
- The Board remains accountable for all decisions taken under delegation.
- Delegations are reviewed annually and may be withdrawn or amended at any time.
- Committees and LGBs must act strictly within their delegated authority and *Terms of Reference*.

This ensures that decisions are made efficiently, transparently, and at the most appropriate level.

Operational Matters

Committees and LGBs must comply with this Scheme, their Terms of Reference, and all Trust policies. They must:

- Act with integrity, honesty, and transparency in the best interests of pupils and the Trust.
- Review governance practices regularly.
- Provide data and reports as requested by the Board or Executive Team.
- Implement all policies adopted by the Trust.

Church academies must also meet diocesan requirements and participate in inspections under Section 48 of the Education Act 2005.

The Trustees may withdraw or review any delegated authority if intervention by the Secretary of State or other regulator is triggered.

Working Together as a Trust

Abbey MAT expects all levels of governance to work collaboratively to support the Trust's mission to *educate, nurture, and empower*. This involves:

- Contributing to the development of policies and strategy;
- Sharing best practice and providing peer support across academies;
- Participating in training, mentoring, and evaluation activities; and
- Supporting recruitment and succession planning within governance.

Intervention and Governance Advisory Boards (GABs)

The Trust Board may stand down an LGB and appoint a **Governors' Advisory Board (GAB)** where stronger or more direct governance is required to secure improvement or compliance.

Circumstances for Intervention

A GAB may be established where:

- Governance within the LGB is weak or ineffective.
- A governance review or Ofsted inspection identifies significant concerns.
- The academy's performance declines or it enters a category of concern.
- Safeguarding or compliance failings are identified.
- Urgent Trust-level oversight is deemed necessary.

Composition and Role

A GAB is a small, skills-based group appointed by the Trustees. Members are chosen for their expertise and capacity to secure rapid improvement. The Chair will be a Trustee or an individual approved by the Board.

Once appointed, the GAB assumes **all responsibilities** of the former LGB with immediate effect. A bespoke Scheme of Delegation may be established to reflect the specific needs of the academy.

The GAB is responsible for:

- Monitoring standards and quality of provision;
- Overseeing improvement plans and ensuring progress;
- Ensuring statutory compliance and safeguarding;
- Providing rigorous challenge and support to senior leaders; and
- Reporting regularly to the Trust Board on outcomes and progress.

Duration and Transition

A GAB remains in place until the Board determines that effective governance has been restored. When an academy demonstrates sustained improvement, the Board will reconstitute a full LGB.

For schools joining Abbey MAT, the CEOs will decide whether an LGB or GAB will be established at the point of transfer, based on Ofsted outcomes, due diligence, and the Trust's risk assessment.

Principles of Intervention

Intervention is intended as a supportive, not punitive, measure. Abbey MAT adopts a proportionate, case-specific approach aimed at restoring strong local governance and improving educational outcomes as rapidly as possible.

The Trust's Central Education Team works in partnership with any GAB to implement clear priorities, support leadership, and secure lasting improvement.

Annual Review and Termination

This Scheme of Delegation takes effect from the date approved by the Trust Board.

The Board will review it **at least annually**, considering any feedback from Committees or LGBs, and may amend or terminate it at its discretion.

The most recent approved version will always be published on the Trust's website to ensure transparency and accessibility.

This section summarises how governance responsibilities are distributed across Abbey Multi Academy Trust. It defines who is **accountable, responsible, consulted, or informed** for each area of Trust activity.
