

ting

Gigabit speeds. Better internet.

From remote work to streaming to smart home devices, a fast internet connection is a necessity. Ting brings fiber internet to your community and the benefits go beyond speed.

Studies show fiber can increase property values by up to 3.1%.* That's long-term value for every resident. With Ting, there are no forced bundles or data caps. Just fast fiber internet your neighborhood can count on.

Fiber Internet ✓

Whole home Wi-Fi ✓

Dedicated account managers ✓

What's bulk service?

When your entire community signs up for Ting Internet, everyone benefits from serious savings.

- One easy, combined bill through the HOA
- More bandwidth for less, because buying in bulk brings costs down
- Flexible speeds to fit different household needs

Why go bulk?

Discounted rates: Lower monthly cost, no installation fees, no hidden charges

Priority install: Your neighborhood jumps to the front of the line

Dedicated support: Our enterprise customer success team guides setup, service and beyond
