Tax Position

Shox Electrical Limited

There is no tax to pay in the company.

Shane

Your final 2023 tax square up has come to \$5,749.82. This amount is due May 7th 2023. I have sent through some options for delaying this payment to next year using tax pooling. Please let me know if you'd like quotes for other payment dates or if you'd like to lock in any of the options provided as soon as possible.

You also have provisional tax to pay which goes towards your tax liability for the 2024 tax year. The required payments are;

<u>Due Date</u>	<u>Amount</u>
28 August 2023	\$2,012
15 January 2024	\$2,012
7 May 2024	\$2,013

Sam

Your final 2023 tax square up has come to \$1,322.23 which is due for payment April 7th 2024. We will send you a payment reminder closer to the time for this.

If you are aware of any changes to your business that may affect your overall result, please contact us so we can include this change in our review of your provisional tax.

Please note, IRD will charge interest and penalties on any payments that are not made in full and on time. If you are unable to meet your repayment obligations in time, please contact us so that we can look at other options to mitigate the interest and penalty charges.

ACC

Feel like you're paying too much ACC!? Why not use our ACC specialist service for a measly \$5+GST per month? Once your tax returns are filed with IRD, ACC will make an assessment based on your Income, Business Industry Code, and your Employer cost. Our specialists will ensure your ACC cover is in tip-top shape, maximising your claim entitlements while minimising your levies. Winning!

Portal

Good news! Once we have the signed copies back, we'll be uploading your Financials and tax returns to your very own personalised portal as well as your 2023 square up tax and next provisional tax payment so that you can factor them into your cashflow. We've already sent you an email with the login details, so be sure to give your junk mail a quick check if you haven't seen it yet. Once you're in, you'll want to check out the 'Dashboard Tutorial' video – it'll give you the lowdown on how to navigate your way around the portal. It's pretty sweet, if we do say so ourselves!

If you have any questions, please don't hesitate to contact us.

Kind regards,

Jade Williams

Notes to the Financial Statements

Shox Electrical Limited For the year ended 31 March 2023

1. Reporting Entity

Shox Electrical Limited is a company incorporated under the Companies Act 1993 and is engaged in the business of Electrical Services.

This special purpose financial report was authorised for issue.

2. Statement of Accounting Policies

Basis of Preparation

These financial statements have been prepared in accordance with the Special Purpose Framework for use by For-Profit Entities (SPFR for FPEs) published by Chartered Accountants Australia and New Zealand.

The financial statements have been prepared for taxation purposes, Inland Revenue and the entities owners.

Historical Cost

These financial statements have been prepared on a historical cost basis, unless stated otherwise below. The financial statements are presented in New Zealand dollars (NZ\$) and all values are rounded to the nearest NZ\$, except when otherwise indicated.

Changes in Accounting Policies

There have been no changes in accounting policies. Policies have been applied on a consistent basis with those of the previous reporting period.

Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable for the sale of goods and services, excluding goods and services tax rebates and discounts, to the extent it is probable that the economic benefits will flow to the entity and revenue can be reliably measured.

Sales of services are recognised in the period by reference to the stage of completion of the transaction at the end of the reporting period.

Property, Plant and Equipment and Investment Property

Property, plant and equipment and investment property are stated at historical cost less any accumulated depreciation and impairment losses. Historical cost includes expenditure directly attributable to the acquisition of assets, and includes the cost of replacements that are eligible for capitalisation when these are incurred.

An item of property, plant and equipment or investment property is derecognised upon disposal or when no further future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the year the asset is derecognised.

Upon derecognition, the asset revaluation reserve relating to the asset disposed shall be transferred to retained earnings.

Income Tax

Income tax is accounted for using the taxes payable method. The income tax expense in profit or loss represents the estimated current obligation payable to Inland Revenue in respect of each reporting period after adjusting for any variances between estimated and actual income tax payable in the prior reporting period.

Goods and Services Tax

All amounts are stated exclusive of goods and services tax (GST) except for accounts payable and accounts receivable which are stated inclusive of GST.

Notes to the Financial Statements

Samantha Swanson-Tuirirangi For the year ended 31 March 2023

1. Reporting Entity

Samantha Swanson-Tuirirangi is a sole trader and is engaged in the business of TMP design.

This special purpose financial report was authorised for issue.

2. Statement of Accounting Policies

Basis of Preparation

The financial statements have been specifically prepared for the purposes of meeting the owner's income tax requirements and to comply with obligations under the entity's loan agreement(s).

Historical Cost

These financial statements have been prepared on a historical cost basis, unless otherwise stated below. The financial statements are presented in New Zealand dollars (NZ\$) and all values are rounded to the nearest NZ\$, except when otherwise indicated.

Changes in Accounting Policies

There have been no changes in accounting policies. Policies have been applied on a consistent basis with those of the previous reporting period.

Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable for the sale of goods and services, excluding goods and services tax rebates and discounts, to the extent it is probable that the economic benefits will flow to the entity and revenue can be reliably measured.

Sales of services are recognised in the period by reference to the stage of completion of the transaction at the end of the reporting period.

Lease income is recognised on a straight line basis over the life of the lease.

Interest received is recognised as interest accrues, gross of refundable tax credits received.

Dividends received are recognised on receipt, net of non-refundable tax credits.

Government grants requiring specified future conditions to be met are recognised as a liability on receipt. The grants are recognised as income over the period that the specified conditions are complete and the associated costs are recognised.

Property, Plant and Equipment and Investment Property

Property, plant and equipment and investment property are stated at historical cost less any accumulated depreciation and impairment losses. Historical cost includes expenditure directly attributable to the acquisition of assets, and includes the cost of replacements that are eligible for capitalisation when these are incurred.

An item of property, plant and equipment or investment property is derecognised upon disposal or when no further future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the year the asset is derecognised.

Upon derecognition, the asset revaluation reserve relating to the asset disposed shall be transferred to retained earnings.

Financial Statements | Samantha Swanson-Tuirirangi Page 10 of 11

Goods and Services Tax

All amounts are stated exclusive of goods and services tax (GST) except for accounts payable and accounts receivable which are stated inclusive of GST.

Goods and Services Tax

The entity is not registered for GST from 31 May 2022. Therefore all amounts are stated inclusive of GST.
