

Grand Traverse Region
EAA Chapter 234

Ray Scholarship Application

EAA Chapter 234
2640 Aeropark Ave.
Traverse City MI, 49684

Congratulations on your decision to apply for our flight training scholarship!

Acquiring a pilot's certificate is a privilege that requires commitment, dedicated study, perseverance, and a willingness to learn. This endeavor should not be taken lightly, but the process will be extremely rewarding and will, in many ways, change your life.

This application must be completed and submitted to EAA Chapter 234 by March 15, 2026.

The following Flight Training Scholarship opportunities are currently available for students ages 15 to 19. The maximum scholarship award amount varies with the type of pilot certificate sought:

Glider Pilot (15-19)
\$6,000

Light Sport Pilot (16-19)
\$9,000

Private Pilot (16-19)
\$12,000

Flight training is tailored to individual abilities. It is possible the selected certificate can be completed at a cost below the award limits. However, it is probable that training completion may require additional funds to be provided by the applicant.

If awarded a scholarship, EAA national will provide funds to EAA Chapter 234 to administer on behalf of the student pilot. Continued funding is dependent upon the scholar completing progress reports and meeting training milestones in a timely manner (please see the reference material attached). However, a very important milestone is the successful completion of the Private Pilot written exam. Applicants are encouraged to prepare for and take this exam prior to application for the scholarship.

The scholar will commit to a minimum of **two volunteer hours per month** for the local EAA chapter. A third-class medical certificate is required for Private Pilot scholars prior to applying for the scholarship.

If selected for the scholarship, a local EAA member will help you understand and complete these requirements. All applications are subject to request for additional information and a subsequent EAA selection process.

More information about the Ray Scholarship can be found online at:
<https://www.eaa.org/rayscholarship>.

More information about EAA Chapter 234 can be found at: [https://Scholarships\(eaa234.org\)](https://Scholarships(eaa234.org))

We are glad you have taken the first step by applying with EAA 234! Please direct any questions to:

Nathan Edward March	4290 Copper Ridge Ste 200	231-935-8930

New User Guide - Student Pilot

(Steps in applying for your Student Pilot's License)

Part 1: Starting a Student Application

- Login to IACRA with your username and password. If you don't remember them, follow the "Forgot Username or Password" link.
- Applicant Console
 - You can start a Student Pilot application once you turn 13 years old, but you can't complete it until you're within 90 days of your 14th birthday, or older.
 - From the Applicant Console, you can start new applications and view any existing applications. Click Start New Application
 - Select 'Pilot' from the Application Type dropdown list. This will now show the different types of pilot certificates IACRA has available.
 - Click on Student Pilot. There is no other information required to start a student application, so click Start Application.

Part 2: Student Application Process

- The Application Process page will open, and the Personal Information section will be open. This section will be prepopulated with the information you entered when you registered. If no changes are needed, click the green Save & Continue button in the bottom of this section.
- The Certificate Held section will open. Answer the English Language and Drug Conviction questions. If you have a medical certificate enter it, but it is not required for Student pilots. Click Save & Continue.
- The Basis of Issuance section will open. There is no information needed in this section so click Save & Continue.
- The Pilot Time section will open. There is no information needed in this section so click Save & Continue.
-
- The Review and Submit section will open.
 - Answer the Denied Certificate question.
 - Summary information info will be displayed.
 - You must view the Privacy Act and Review your application before you can submit your application. Click Submit Application.
- Your application is **NOT complete** at this point. You must meet with a Certified Flight Instructor, also known as a Recommending Instructor (RI) in IACRA, to complete the process. You must bring valid photo ID to that meeting.

Part 3: Certifying Process

- Once you are within 90 days of your 14th birthday, you will meet with an RI and they look you up using your FTN and they will start the Certifying Checklist.
- The RI will verify your identity and enter ID information. They will also verify your English Language Proficiency and that you meet minimum Student Age requirements.
- After reviewing the application together, the RI will verify that you have reviewed the Privacy Act and the Pilot Bill of Rights.
- You (the applicant) will enter your username and password and then electronically sign the Pilot's Bill of Rights Acknowledgement and the Student Pilot application.
- The RI will reenter their credentials to continue the Checklist.
- The RI will sign and complete your application.
- The temporary Student Pilot certificate will be available on the Applicant Console in about 7 days after **both** these conditions are met:
 - You are at least 14 years old
 - and, you have been successfully vetted by the Transportation Security Administration (TSA)
- Your application will now be electronically sent to the FAA Airman Certification branch.
- Your permanent certificate will arrive by mail.
