Experience

Inizio Evoke Senior UX/UI Designer

March 2022 - Present

Remote Clients include: VYEPTI, Genentech, BIKTARVY

Spearheaded UX/UI design across two pharmaceutical brands, delivering websites, interactive visual aids, and email campaigns compliant with healthcare regulatory standards. Transformed complex client requirements into intuitive, high-impact design solutions that drove user engagement. Partnered cross-functionally with copywriters, art directors, and developers to bring cohesive experiences to life.

Cognizant Freelance UI Designer

September 2021 - March 2022

Remote

Led end-to-end redesign of a website and crafted a new web application, elevating brand identity and delivering enhanced functionality through a refined, user-centered design system.

MERGE Freelance UI Designer

June 2021 - September 2021

Remote Clients include: Protective, LG, Assurance Wireless

Overhauled a client design system and incorporated new functionality for a client's internal-facing web application. Developed design recommendations and concepts to elevate both online and in-person shopping experiences. Redesigned a client homepage with an accessibility-focused approach.

CapSource UX/UI Designer

March 2020 - September 2021

Remote

Built the company design system, ensuring consistency across all products. Crafted end-to-end user flows, wireframes, and high-fidelity mockups in Figma, producing responsive, well-documented designs in close collaboration with designers and engineers. Presented design decisions to stakeholders and operated within agile workflows using Jira. Created marketing assets including icons and logos.

Omneky Designer

September 2020 - June 2021

Remote

Produced 5–10 ads weekly across 8 client accounts per month, crafting each to match brand identity and voice. Engaged directly with clients to diagnose business challenges and translate them into targeted, high-performing ads. Leveraged Omneky's AI technology to analyze ad performance, optimize audience engagement, and drive conversions. Redesigned Omneky's marketing site and designed new features for the client dashboard.
