

Key Programming Software Update

MG* 2025 | ADS2333 - Code D756920AD | November 2025

Key programming even in an all keys lost situation with full pincode reading coverage now extended to the MG 3.

What does the software do?

The ADS2333 software programs both bladed and proximity keys for various MG vehicles without need of a working key. The procedure programs the remote and the transponder at the same time.

UNIQUE Full pincode reading coverage

The software reads the pincode from the vehicle via Smart Pro for ALL variants of the model applications listed.

What else is needed?

Smart Pro
