Our Vision

When Ivor Poole established Great Ballard in 1924 he made a promise that the school would be different and that courage to stand out from the crowd still energises us almost a century later. The school maintains a proud reputation for academic excellence, for music, for the arts and for sport. But, above all else, Poole wanted everyone to be cared for and treated fairly and it's a principle that still guides us. Great Ballard is a family in which everyone matters and no one is invisible. It is a school that cares, a school built completely around its pupils, a school with a heart.

But while Poole's principles remain unchanged, the world beyond school refuses to stand still. Our duty to equip young people for an unpredictable future has never been more apparent. Our curriculum is broad, forward thinking and outward facing and we encourage pupils to look beyond our idyllic West Sussex bubble and to develop the skills required to adapt to change and genuinely make a difference in their worlds. We focus on leadership, problem solving and communication while covering a broad range of traditional subjects. But we also nurture a special passion for technology, computer science and communication skills which we champion without ever compromising the highest standards of literacy and numeracy. We see unique potential in all our children and support them to become the very best versions of themselves.

We deliver a 2-16 education and our educational approach is built around the 4Hs (Head, Hand, Heart and Health) with an ethos rooted in building the strongest relationships and on empathy and respect. Our young people recognise a need to be role models but also to lift others, to serve and to give.

And we love to take education beyond the classroom making the most of our wonderful location and prioritising creativity, teamwork and pupil well-being. While we celebrate achievements right across the co-curricular range, we also acknowledge the value of the arts and exercise in shaping happy, healthy and resilient young lives.

Further Information

Great Ballard School is a delightful, co-educational independent day school, for children aged 2-16 years. Set within 30 acres of the South Downs National Park and the Moore's International Dark Sky Reserve it is ideally situated to provide a stunningly natural educational environment combined with excellent transport links across the County. It is located between the cathedral city of Chichester and the charming market towns of Arundel and Petworth, an area steeped in history and boasting easy access to sandy beaches, fishing villages, historical and family attractions; it is one of the most beautiful locations in South-East England. Although the school is nestled near the south coast, London Victoria is approximately a 75-minute ride away from Barnham or Chichester train stations, Gatwick and Heathrow are easily accessible and Great Ballard School is less than 30 miles from Brighton and Portsmouth.

Whilst there are a number of independent schools in the area, Great Ballard School is truly unique in providing individualised care and support for the children and a safe space in which each pupil can be inspired and discover what they can really achieve. Pupils are known by all staff, not just their form tutor and the school takes great pride in ensuring that none ever feel invisible or overlooked. Great Ballard understands that modern parents have work commitments and busy lives and the extended day is offered to reflect this.

An Exciting Future

We opened our senior school in September 2021 following development within the main building to convert boarding dormitories into classrooms to accommodate Years 9, 10 and 11. Everything has been built around the Lutyens staircase and beautiful central corridor with some of Earham House's most historic rooms providing home for new teaching spaces with communal spaces for all senior pupils. The common rooms demonstrate the school's commitment to exemplary pastoral care and provide spaces for individual and small group tutorials as well as room to read, study, play or just relax. The Year 10 and 11 centres house careers libraries as well as their own kitchens, encouraging students to develop their independence and sense of responsibility.

As Mr King explains: "Great Ballard is a school that recognises the value of those important life skills. We want to treat our young people more like adults because we know they achieve more when we trust and believe in them. The atmosphere will give students an insight into what life will be like when they move on from us to 6th form colleges and then universities and we hope it will encourage them to set their sights high and aspire to be the very best versions of themselves." The school is on an exciting journey and keen to make it with a team who are looking for something fresh, something different and something special.
