The overall Perio Review program is for periodontists preparing to take the Oral Exam (Part II) for certification by the American Board of Periodontology. It consists of 2½ days of comprehensive review and 1½ days of mock oral board exams. This four-day program is designed to provide a structured and comprehensive review that aligns with the competencies tested in the ABP oral exam. For practicing periodontists who are board-certified, the 2½ day weekend review is an enjoyable and practical way to participate in a comprehensive review and update. Those general dentists and dental specialists who are interested in periodontics are welcome to attend the 2½ Day Review.

*LSU's 49th Annual Perio Review program offers two registration options:* You can attend the 2½ Day Comprehensive Review & Update OR the 2½ Day Comprehensive Review & Update + 1½ Day Mock Oral Board Exams. **You also have an option to attend the 2½ Day Review Course via live stream video conference.**

## 1 ½ DAY MOCK ORAL BOARD EXAMS

The mock oral exams simulate—as closely as possible—the real oral board exams. Each participant appears once before a pair of examiners. When participants are not taking the mock oral board exams, they are encouraged to visit the various exam rooms to observe others. Periodontists who passed the oral board exam have reported that the mock oral board exam process improved their oral test-taking skills and self-confidence.
