

Year End CE Course!

Friday, December 4, 2026 • 8:00 am - 4:30 pm

at LSU School of Dentistry in New Orleans

Sign-in and Breakfast 7:00 am - 8:00 am (CST)

7 CE clinical credits (lecture)

Building the Practice of Tomorrow with Technology and Teamwork Today

presented by Chris Griffin, DDS, FAGD, FIDIA

REGISTRATION FEES (includes continental breakfast and boxed lunch)

	Early Bird <i>by 10/20/26</i>	Regular <i>from 10/21-11/21/26</i>	Late <i>After 11/21/26</i>
Dentist	\$325	\$340	\$365
Hygienist/Lab Tech	\$200	\$215	\$240
Assistant/Other	\$115	\$130	\$155

This course examines emerging technologies that are shaping the future of dental practice, including digital workflows, artificial intelligence, 3D printing, cloud-based practice management systems, and AI-assisted diagnostic tools. Participants will explore how these technologies can improve clinical decision-making, operational efficiency, patient care, and practice productivity.

After completing this activity, the learner will be able to:

- *Integrate emerging digital technologies into practice operations to enhance clinical precision and operational efficiency.*
- *Evaluate the benefits and limitations of incorporating 3D printing and in-house design technologies for dental restorations and appliances.*
- *Assess strategies for improving a dental practice's online visibility within AI-powered search and answer platforms.*
- *Compare the advantages and challenges of cloud-based practice management systems, including considerations related to security and infrastructure.*
- *Evaluate the role of AI-assisted diagnostic technologies in improving the accuracy and early detection of dental conditions.*
- *Assess strategies for optimizing a dental practice's digital presence within AI-powered search and information platforms.*

Chris Griffin, DDS, FAGD, FIDIA

Dr. Griffin is a highly sought-after dental speaker, author, and practice management expert whose career is anchored by an elite foundation of advanced clinical education. Dr. Griffin earned his Doctor of Dental Surgery (DDS) degree from the prestigious University of Tennessee Health Science Center in 1998. Committed to lifelong learning and clinical mastery, he achieved Fellowship status in the Academy of General Dentistry (FAGD) in 2003—a distinction earned by only a small percentage of practicing dentists nationwide. Expanding his expertise into advanced surgical care, he also completed a rigorous Fellowship with the International Dental Implant Association (FIDIA).

For more than 25 years, Dr. Griffin has blended this academic rigor with real-world private practice experience. As a speaker, he draws on his deep educational background to teach dentists how to implement advanced automation, maximize clinical efficiency, and achieve true practice autonomy. He is the author of multiple books and host of the *Practice Autonomy* Podcast, and he is a trusted educator across the dental industry. Dr. Griffin delivers high-energy, data-driven presentations that empower independent clinicians to scale their practices, combat burnout, and elevate patient care.

ADA CERP® | Continuing Education Recognition Program

LSU Health New Orleans Continuing Dental Education is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Concerns or complaints about a CE provider may be directed to the provider or to the Commission for Continuing Education Provider Recognition at www.ada.org/CERP.

CANCELLATION AND REFUND POLICY

LSU CDE reserves the right to cancel any course should circumstances warrant such action. We will refund the full tuition. Refunds will be granted to registrants who submit their written cancellation requests one month before the course starts, less a cancellation fee. Allow 30 days for your refund to process.
