

POINTFIVE1

POINT FIVE

WALL SCONCE COLLECTION

The Point Five wall sconce is made out of about half a kilo of glass shards, salvaged from the offcuts produced in our local manufacturer's workshop.

Characterised by small bubbles that form from trapped air between melted fragments of glass, Point Five showcases the raw beauty that can be leveraged when reimagining this sustainable material.

MADE IN MELBOURNE, AUSTRALIA

FINISHES		SIZE
SCONCE	GLASS	115mm OD x 70mm D
