GALLERY

RP-E-2307

The Gallery collection presents a selection of highly desirable archetypal lighting forms characterised by exquisitely detailed geometry and luxurious materiality.

Drawing from his commissioned pieces for the Art Gallery of New South Wales, designer Tom Fereday's sculptural expertise and commitment to honest materiality are exemplified in the enduring solidity of hand-finished brass. Each luminaire seamlessly integrates performance illumination with discreet directional adjustment – offering effortlessly pure forms with unexpected versatility.

Featuring classic Bankers and Architects lamps, wall sconce and a distinctly contemporary modular linear pendant system, Gallery brings a meticulous perspective to timeless lighting.

"The beauty and grace of Gallery complements its intimate lighting effect, encouraging a calm focus"

———— *Tom Fereday*

*Rakumba's clear protection coating significantly increases resistance to oxidation and surface changes over time.

Longevity is not guaranteed for a fixed time period or for all environments; this will vary depending on location, site conditions, cleaning, exposure to caustic substances etc. We recommend treating the surface with care to preserve it as long as possible.

Once damaged, the clear protection coating may be restored – please contact Rakumba for more information.

Tom Fereday

Tom Fereday develops products based on the principle of honest design – celebrating the manufacturing processes behind furniture and products, and designing from the inside out. He strives to create enduring designs that are meaningful to people and their environment.

Born in Australia, Tom grew up in England studying at the Wimbledon School of Art before moving to Sydney to complete an Honours in Industrial Design at the University of Technology Sydney. He founded his studio in 2012 and currently works with leading design brands across Europe and Australia. As a multi-award-winning designer, Tom exhibits internationally on a regular basis.
