STANDLEY

RP-E-1809

Defined by crisp lines and monumental form, the Standley collection of outdoor lighting draws on iconic Australian architecture and the rugged beauty of the Australian landscape. With raw finishes, natural stone materiality, and the creative freedom of custom colours and façades, Standley is as diverse as the landscape around it.

Emphasising this attention to materials, Standley illuminates itself as well as its surrounds, grazing subtle light down the fitting's feature façades. Standley is available both wall mounted and in bollard form.

WALL FINISHES

BLACK POWDERCOAT
(SUITABLE FOR CUSTOM FACADE)

BLACK POWDERCOAT / BLUESTONE

CORTEN POWDERCOAT
(SUITABLE FOR CUSTOM FACADE)

JON GOULDER

Jon Goulder is a fourth generation furniture maker, who studied furniture design and fine woodworking at Canberra School of Art under the direction of the late George Ingham. Following study, he established his design consultancy, Jon Goulder Designer Maker. Jon's practice as a master craftsman and skilled designer sees him develop one-off and limited edition collections for representation in Australia, America and Europe.

Jon's work is held in permanent collections by most state and national museums, and art galleries including the National Gallery of Australia.

He currently works as a Senior Designer with Snohetta Architects Australasia.
