

Dawn Pendant by Studio Enti

The Dawn Pendant is a minimalist, hand-cast porcelain light crafted in Sydney, Australia, designed to bring quiet clarity and warmth to interior spaces. Its classic, unglazed form offers an elemental simplicity that suits both contemporary and traditional environments.

Available in three sizes and the full Studio Enti colour range, Dawn can be hung individually for subtle lighting detail or grouped to create a sculptural statement. Pieces cast in White provide a warm ambient translucency, while Wisp and Cloud offer soft semi-translucent qualities that respond beautifully to different lamp strengths and tones.

Refined yet versatile, the Dawn Pendant enhances dining areas, kitchens, bedrooms and architectural spaces with the understated elegance of hand-crafted Australian porcelain.
