Eos - Wall Light

Eos is a column-style porcelain wall light. Handcrafted in Sydney, Australia.

Available in three sizes, Eos can be installed as a standalone feature or grouped to create rhythmic lighting compositions. The design is offered across the full Studio Enti colour palette. White porcelain provides the highest level of translucency, producing a warm, ambient glow, while Wisp and Cloud offer gentle diffusion.

Coloured finishes remain opaque, allowing light output to be shaped by lamp selection.
