

Our Brûlé is ready! Hot with some lemon bark it becomes the ideal drink to warm up our spirits, and, at room temperature, straight, will surprise you as a meditation wine to be savored with friends.

We refined the original formula using a fine piedmontese red wine (Nebbiolo DOC) adding to it a delicate infusion based with cloves, nutmeg, cinchona calisaya, orange, and other spices.

Brûlé means burnt, cooked. Indeed to find a warm sip in cool evenings during the winter, our grandparents used to warm a red wine adding spices to it with the aromatic herbs offered the nature.

With Brûlé Sargentin we want to go back in the time and bring back this old tradition.
