

AMERICAN STAGE

In-Kind Needs

- **Passenger Van** – Used to transport production materials between venues and rehearsal spaces.
- **4-Door Vehicle** – Reliable transportation for visiting artists and production needs.
- **Laundry Room Build-Out for Artist Housing** – Support the construction of a dedicated laundry room for visiting artists, including plumbing, electrical work, cabinetry, and installation of washer and dryer units.
- **Laundry Equipment for Artist Housing** – Washer and/or dryer for use in our artist housing facilities.
- **Bulk Home Goods for Artist Housing** – Household essentials such as towels, bedding, kitchen supplies, and cleaning items for visiting artists.
- **Fence & Gate for Artist Housing** – Installation of a fence and secure gate to improve safety and privacy for resident artists.
- **iPads or Tablets** – Used by staff for ticketing, donor management, production coordination, and event operations.
- **Bulk Snacks for Summer Camp** – Individually packaged snacks and drinks for students participating in American Stage summer camps.
- **Rehearsal Hall Supplies** – 3-ring binders and basic stationery (notebooks, pens, pencils, highlighters, and paper) used by actors and stage management to organize scripts and rehearsal materials.
- **Storage space** – Help us recycle and save money! We reuse lumber, props, furniture, costumes... you name it. Rather than continually having to purchase these materials we would like to store them in temperature controlled storage units. That cost can get unwieldy. So if you have a spot that you would like to donate for housing all the weird and wild things that make it to our stage, we'd love to hear about it!
