IN ÅLESUND SINCE 1993

## The route

Welcome aboard the Ålesund City Train! Our tour begins at the cruise terminal and takes you through the charming city center, past the market square, and towards the historic wooden houses in the east. We pass Voldsdalen, a farm from the 1800s, and the Color Line Stadium on our way up to Mount Aksla, where we stop for 15 minutes to enjoy the stunning views.

On the way back, we pass the park where the great fire of 1904 was finally extinguished, as

well as "Vallehuset," one of the few houses that survived. We then drive by the city park, Art Nouveau buildings, and the bustling harbor, where fishermen sell their fresh catch. Next, we pass Norway's oldest pier, the "Molja" lighthouse, and cross the bridge between Nørnøya and Aspøya to reach Brunholmen, known for its rich history and colorful architecture. Finally, we pass Ålesund Church, the cobbled streets, and Apotekertorget before returning to the cruise terminal to conclude our journey.
