

AG-120LR

Create a more even VPD across the top, middle, and bottom of your plants, enhancing your flowers and eliminating B-buds altogether with Grower's Choice Under Canopy Light. Our optimized 3.0 red spectrum is proven to improve flower quality, density, and yield. With an IP66 rating, this light is designed for easy cleaning and provides robust protection against IPM sprays and irrigation mishaps.

Enjoy seamless power and data chaining through the same connections—no extra wires needed.

*All cord and accessories sold separately.

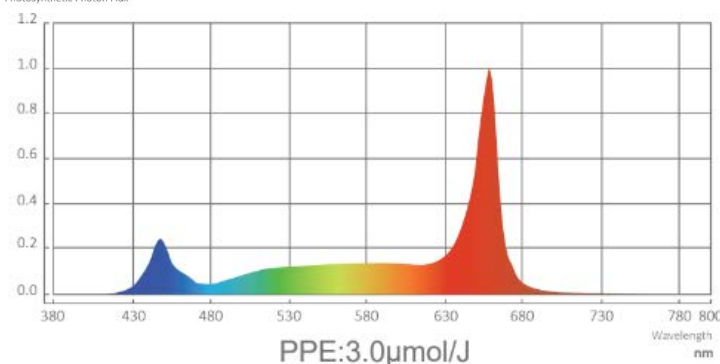

Grower's Choice AG-120

Spectrum	Red
Power	120w
Efficacy	3.0 $\mu\text{mol/J}$
PPF	360 $\mu\text{mol/s}$
