

ROI-F720 LED Bar Light

The Grower's Choice ROI-F720 is a high-performance LED grow light engineered for professional horticulturists seeking maximum yield and efficiency. Designed with cutting-edge diode and driver technology, the F720 delivers an impressive photosynthetic photon flux (PPF) to fuel robust plant growth during the full bloom cycle, particularly in commercial cannabis production environments. With 208-277VAC hardwired input and 0-10V dimming controllability, the F720 integrates seamlessly with advanced lighting control systems, giving growers precise command over their cultivation environment. Its full-spectrum output is tailored to optimize plant health and flower production, achieving industry-leading efficiency without red overloading. Built on the success of Grower's Choice's award-winning fixtures, the ROI-F720 provides the perfect balance of power, reliability, and spectral quality—empowering cultivators to produce consistently high-quality results while reducing operational costs. Whether you're outfitting a large-scale facility or upgrading an existing grow, the ROI-F720 is your go-to solution for high-yield performance with uncompromising efficiency.

Features

- 208-277VAC Input
- Hardwired
- 0-10v Controllability

Grower's Choice ROI-F720	
Spectrum	Full Phase
Power	720w
Efficacy	3.0 $\mu\text{mol/J}$
PPF	2160 $\mu\text{mol/s}$
Voltage	208-277v
Weight	6.5 kg/14.33 lbs
Dimensions	42.4" x 41.3" x 2.05"
Lifespan	L90:50000 Hours

NOMINAL AMPERAGE BY AC INPUT VOLTAGE @720W

Voltage	208V	240V	277V
F720	3.4A	3.0A	2.6A
