

AG-120LW

This 120W LED bar light is a multi-purpose solution for any indoor horticultural setting, functioning effectively as a top light, side light, under light, and intracanopy light. Designed with a full-spectrum output, it promotes healthy plant growth across all stages, delivering uniform light distribution with adjustable mounting options. Built with durable, heat-resistant materials and an IP66 rating, it ensures reliable performance in diverse environments. Compact and energy-efficient, this bar light is perfect for growers seeking flexibility and precision in their lighting setup.

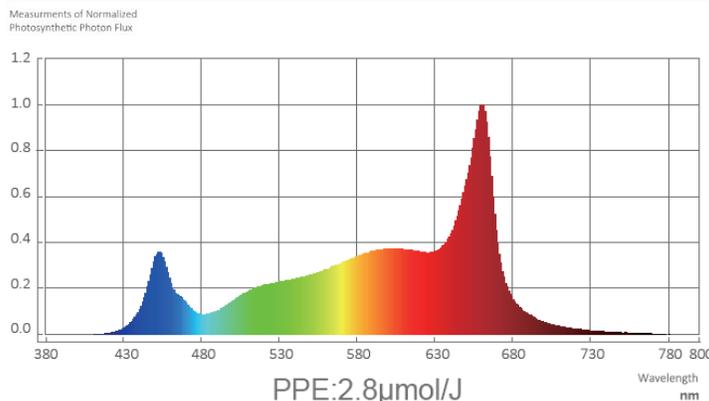

Enjoy seamless power and data chaining through the same connections—no extra wires needed.

*All cord and accessories sold separately.
