

When Batteries Die, Operations Stall

Levac Supply's Battery Program keeps your devices powered—anytime, anywhere. Because downtime isn't just inconvenient—it's costly.

We offer two tailored solutions to meet your operational demands:

1. Contract Pricing

Ideal for organizations that consume batteries in greater volume steadily over time.

- Volume pricing in case lots
- On-demand warehousing
- Ready-to-ship replenishment whenever you need them

2. Inventory Management Service

Perfect for high-volume environments.

- Audit of device usage, battery types, and deployment locations
- Streamlined supply of replacement units
- Automated restocking to prevent shortages and save costs
