3M DBI-SALA ExoFit
X50 Safety Harness

Mod.
1600164C: Size M/L
1600165C: Size XL

- Automatic stand-up D-ring enables efficient dorsal connections
- High-visibility, yellow-green webbing
- Design includes an integrated SRL adapter that lets you quickly and easily connect and disconnect personal SRLs, reducing install time by up to 55% compared to web-mounted installation
- Self-locking dorsal pad minimizes the D-ring from sliding down user's back
- Available on select models: Revolving Torso Buckles adjust harness fit with ease and speed, locking webbing into place to maintain a comfortable and safe harness fit
- Equipped with low-profile suspension trauma strap design integrated between harness webbing, helps to reduce wear and tear, and to prevent contact and entanglement from equipment or working environment

Altair io4 Gas
Detector

Mod.
10248523

The ALTAIR io 4 is a secure, smart gas detector with out-of-the-box connectivity packed into an ultra-rugged design. It features our XCell sensor platform which continues to lead the industry in lifetime and durability.

- Designed with fully integrated connectivity for real-time visibility across your worksites from day one
- CAT-M LTE cellular connectivity and integration with the MSA Grid
- Deploys in seconds, right out of the box - No IT required
- Rugged, durable design and industry-leading XCell® Sensors
- Survives a 25-foot drop test and breakthrough sensor design enables faster response and shorter span calibrations
