FITNESS EQUIPMENT®

The logo is displayed on a black, textured horizontal bar. The word "JERRA" is in large, bold, white capital letters with a red outline. Below it, "FITNESS EQUIPMENT" is written in smaller, white capital letters, also with a red outline. A registered trademark symbol (®) is located to the right of the word "EQUIPMENT".

SINCE 1994

Established in the year 1994, Jerai Fitness Ltd. Is proud to have become a market leader in the indian fitness industry with three decades of experience. Our aim is to be able to provide quality and affordable fitness solutions to all sectors of society. Through the fit india movement, we strive to foster health and wellness to everyone around the country to the best of our capacity.

Our vision is to deliver well - designed, biomechanically accurate fitness equipment of the highest standards, and we achieve this through a fully automated manufacturing process that assures safety and quality. With the help of Japanese production infrastructure and a great team of in-house engineers and experts we fulfill this vision. We take pride in the extensive range of equipment we have to offer and the service we deliver through our sales and after - sales teams.

The organization proudly adheres to the make in india movement and thereby helps promote a better standard of living for all. We sponsor national and international bodybuilding championships and take an active part in exhibitions and other platforms. Jera Fitness not only boasts showrooms and offices pan india but also extends itself globally by maintaining a presence in over 35 countries.

Jerai Fitness has set a benchmark for integrity and ethics, whilst setting the highest standards for design, quality, service and innovation.

LOAD-ON SERIES

The Load On Series redefines plate-loaded training with a focus on structure, style, and precision — built for athletes who prefer the raw feel of free - weight resistance. Ideal for high - performance centers, sports clubs, and strength zones, each unit features reinforced loading areas, precision pivot points, and guided movement paths for a powerful, efficient training experience.
