SINCE 1994

Jerai Fitness is an Indian manufacturer with over three decades of expertise in designing and producing world-class fitness equipment. The company caters to a diverse clientele, including commercial gyms, hotels, corporate wellness centers, and real estate projects, serving both the domestic market and international markets such as Japan, the UAE, Australia, Serbia, Sweden, and more.

Through years of industry experience, Jerai Fitness has developed strong capabilities in manufacturing processes, inventory management, distribution efficiency, and customer service, enabling it to consistently deliver reliable and innovative fitness solutions. A pan-India network of 14 exclusive showrooms strengthens customer engagement, provides accessible support, and enhances brand reach.

As a pioneer in automated manufacturing, Jerai Fitness incorporates robotic welding, advanced assembly techniques, and high-precision Turkish and Japanese machinery into its production processes. This modern infrastructure ensures accuracy, durability, and compliance with international standards, while enabling the company to scale operations, meet increasing global demand, and remain competitively priced.

CARDIO

SERIES

The Cardio Series is built for fitness spaces that demand high-intensity performance and an engaging user experience. Ideal for boutique studios, gyms, and wellness zones. Equipped with advanced drive systems and ergonomic interfaces, each machine offers smooth, low-impact motion for continuous use.
