Thanks for your interest in our camp! We offer an excellent outdoor retreat program for school groups. Our Outdoor Adventure Retreat is focused on fun, outdoor education, and community. A great way to wrap up a year! Stay for one or two nights, or just come out for the day.

This document outlines our most popular school programming along with need-to-know information and our application form. We are confident that your students will have a great time with our experienced team doing fun activities, eating delicious food, and sleeping in tidy accommodations.

Ranger Lake Bible Camp is owned and operated by One Hope Canada. Our camp is located on over 700 acres of land approximately 30 minutes north of Biggar, 45 minutes south of North Battleford, and just over 1 hour west of Saskatoon.

We are able to accommodate groups of up to 110 students; our minimum group size is 20 people. Students sleep in our main cabins, which sleep 12 people each and are equipped with wood frame bunk beds. If your group requires separate housing for your teachers, we have private accommodations available. Guests must provide their own bedding. Our Cabins are insulated and electric heaters are available if needed. Meals are served in our modern dining hall. Our dining hall and pool washrooms have showers and flush toilets.

Our camp provides a wide range of activities, which are listed later in this document. For photos, directions to our campsite, and more, check out our website: rlbc.ca
