Action on equality, diversity and inclusion

Organisations taking part in The RACE Report are asked to detail the action taken internally to support equality, diversity and inclusion. The list of actions covers a breadth of areas and incorporates commonly recommended actions to support progression of equality, diversity and inclusion, but is not intended to be an exhaustive list. Neither is one action intended to be prioritised over another, and actions may not be applicable to all organisations.

Approach to equality, diversity and inclusion

“

Equity, diversity and inclusion are essential to how we work and what we stand for. We're a bold, ambitious team driving climate action fast. To do that well, we need diverse perspectives, lived experiences and ways of thinking. We actively seek out and value difference - because it makes us smarter, stronger and more effective. We're committed to building a workplace where everyone can thrive. That means fair recruitment, inclusive policies, and a culture of trust, support and accountability. We work flexibly and sustainably, recognising that people bring their best when they're respected and empowered. We're knowledge-led and globally engaged. We understand the markets and policies we're shifting, and we know that representation matters in those spaces. We're working to improve diversity across our organisation and to embed equity in our programmes and partnerships. We don't just talk about inclusion - we act on it. We're constantly learning, improving and holding ourselves to account. Equity is part of our mission for a clean, healthy and prosperous future for all.
