Action on equality, diversity and inclusion

Organisations taking part in The RACE Report are asked to detail the action taken internally to support equality, diversity and inclusion. The list of actions covers a breadth of areas and incorporates commonly recommended actions to support progression of equality, diversity and inclusion, but is not intended to be an exhaustive list. Neither is one action intended to be prioritised over another, and actions may not be applicable to all organisations.

Approach to equality, diversity and inclusion

“

We take equality, diversity and inclusion seriously and over the last 3 years have put significant effort into measuring our progress, implementing new policies and processes and working with our board, staff and partners to improve our approach. As well as regular staff training on different aspects of inclusion, a growing number of staff are participating in our monthly EDI working group. In this we discuss issues around inclusion, try new things, learn from different parts of the organisation as to what has worked and we make recommendations to our managers and board members. We've broadened out our recruitment and changed the way we recruit to attract people from all backgrounds. We keep a running EDI action plan, and report back on progress to our staff and Board meetings. Our director and chair of our Board are looking into Board diversity and recruitment, including buddying scheme and recruiting board members with lived experience. We are using and feeding into the Sustainable Food Places REDI for Change toolkit. We are making progress on a number of areas, particularly in attracting and retaining staff with disabilities, but, as a small organisation, this hasn't yet had an impact on racial diversity in a way that is statistically apparent. We are finding some areas are easier to tackle than others.
