Third Party Sub Processors

We use a few different third-party sub-processors to help us provide our services to you. These sub-processors process data that you input into the services, which may include personal data.

Here we've set out some info on who the sub-processors are, what services they provide, and location of their head office.

- AWS, United States
- Twilio, Transactional SMS processing, United States
- Mailgun, Transactional email processing, United States
- Bugsnag, Exception monitoring, United States
- Openrouter, AI request processing, United States
- Heremaps, Map services, Netherlands
- Google Cloud, API (including maps), United States
- Pendo, Engagement measuring, United States
- Snowflake, Data analytics, United States
- Omni Analytics, Data analytics, United States
- Optional integrations: see https://aroflo.com/resources/integrations
