

About Bitprop

We believe in the power of entrepreneurship as a means for creating good. By partnering with property owners in townships to help them develop rental flats behind their properties, they receive an otherwise inaccessible new income stream. Bitprop turns these hard-working property owners into property entrepreneurs, generating significant value for themselves and their families for generations to come. Our work is innovative and creates an immediately tangible impact – a highly rewarding experience for all involved.

Architectural Intern

At Bitprop, we are building our architectural team, and we're looking for an Architectural Intern who is eager to learn about small-scale, backyard residential architecture in the townships of Cape Town.

You should possess an innovative mind and the motivation to continuously improve yourself, the company and the architectural framework that Bitprop works within. Above all else, you should possess a willingness to help people in the communities that we work in.

Some practical examples of your responsibilities

- Assist the Architectural Technologist in preparing council submission drawings and other documents for local authority approval
- Join Architect on-site and perform as-built measurements with documentation
- Assist our architect with preparing construction drawings and related documentation
- Assist Architect with other on-site tasks such as snags and inspections (and gain exposure to real-time construction management)
- Learn, learn and learn some more (Exciting!)

Requirements

- Fully proficient in Autodesk Revit - this is very important
- Have completed a Diploma in Architectural Technology, Advanced Diploma in Architectural Technology, Bachelor's in Architectural Studies, or BAS (Hons)
- Having your own vehicle would be advantageous, but not a requirement
- Highly organised and systematic
- Must be comfortable working within a team environment as well as being productive independently with limited supervision

- Self-driven and comfortable in a quick work environment with limited structure
- Cape Town-based, in office most days – off Kloof Street in Gardens, Cape Town

Culture

You:

- Are passionate about using entrepreneurship to create change and progress
- Believe in 'finding a way' to make things happen
- Are comfortable with a flexible and changing work environment
- Believe in a meritocratic way of working - your age/seniority etc. doesn't matter
- Are a quick learner
- Work quickly, make mistakes and improve. You fail fast and learn
- Are kind, trusting and work for the interests of the group, not yourself
- Are driven, work hard and always to a very high standard. Your ambition is to achieve objective quality
- Are optimistic about achieving progress on a micro and macro (societal) scale
- Have a high level of integrity and professionalism
- Are excited about being part of solving very difficult problems
- Have the ambition to be part of innovative solutions/an environment that aims to have a tangible impact on the world

How to apply

Please visit www.bitprop.com/careers to view this job listing and to access the application form, where you can complete the application and upload a portfolio. For more information or if you are unsure about whether to apply or not, please reach out to careers@bitprop.com.
