

About Bitprop

We believe in the power of entrepreneurship as a means for creating good. By partnering with property owners in townships to help them develop rental flats behind their properties, they receive an otherwise inaccessible new income stream. Bitprop turns these hard-working property owners into property entrepreneurs, generating significant value for themselves and their families for generations to come. Our work is innovative and creates an immediately tangible impact – a highly rewarding experience for all involved.

Marketing and Content Manager

At Bitprop, we are expanding our marketing capability and are looking for a hands-on, creative, energetic Marketing and Content Manager to join the team. This role is a blend of digital content creation, storytelling, brand-building, and practical marketing execution, with a strong emphasis on on-the-ground community stories and materials that support homeowner acquisition and positive tenant experiences.

You will be the person who captures Bitprop's work and brings it to life. You will showcase the transformation that our homeowners experience, tell the stories behind each build, produce regular content, and help shape how Bitprop is perceived in the world.

You should be excited about picking up a camera, visiting sites, interviewing homeowners, writing stories, editing short videos, updating the website, and improving the materials our sales and applications teams use every day. Above all, you should care deeply about the people we work with and be motivated by the impact Bitprop creates in township communities. This role is execution-heavy, creative, and mission-driven.

- Update and maintain Bitprop's website, including content, layout, visuals, messaging
- Create marketing collateral that supports homeowner acquisition (flyers, videos, landing pages, FAQs) and smooth rental operations (tenant info videos, homeowner training, lease explanation guides etc.)
