

Interested in baby feeding support?

Let's get started with SimpliFed.

Families work with our team of lactation experts to go over all aspects of breastfeeding and baby feeding. **Covered by most insurances.** All patients meet with SimpliFed 1:1 **virtually from the comfort of home.** Visits start during pregnancy and continue through every baby feeding milestone.

Breastfeeding positions,
latching, and other mechanics

Parent and baby well-being

Breast pump support, feeding
plans, patient education, and more

Working through
partner expectations

Baby feeding and sleep

Life transitions such as
going back to work
