

OVERHEAD PRESS

JPRS - 301

The Proton Series Overhead Press is engineered to build strong shoulders and upper body strength with optimal comfort and alignment. It features ergonomically angled handles that promote a natural pressing motion, reducing stress on the wrists and shoulders. The counterbalanced system ensures smoother lifts, while the adjustable seat and back support provide customized positioning for users of all sizes.

FEATURES

- ◆ **Adjustable Seat:** Customizes height for proper alignment and comfort.
- ◆ **Ergonomic Handles:** Designed for a firm grip and natural wrist positioning.
- ◆ **Durable Construction:** Built with high-quality materials for long-lasting performance.
- ◆ **Compact Design:** Space-efficient, ideal for smaller gym setups.
