

RECUMBENT BIKE DIAMOND - RB

Designed for comfort and convenience, the Diamond - RB recumbent bike is perfect for low-impact cardio with maximum support. It features a 20-level Poly-V belt drive resistance system and a dot-matrix LED display that tracks speed, time, incline, distance, calories, and more. Built on a durable commercial-grade frame, it includes a walk-through design for easy access, auto-leveling pedals with quick adjustment, and a soft-grip armrest for added stability. The oversized seat with back support ensures a relaxed, ergonomic ride.
