EXPERIENCE

Freelance, Philadelphia PA - Audio Engineer & Video Producer

APR 2019 - PRESENT

Work with small businesses and industry leaders to produce multimedia content for creative and corporate projects. The scope of projects include event facilitation, multicam livestream production, audio mixing for events and musical groups, video shooting & editing, and A/V design & installation.

I have been working hand in hand with local Phila organizations such as...

**The Arts in Philadelphia | The MAAS Building | The Barnes Foundation |
EBE Entertainment | Femme Pharma | Christ Church PHL**

NYU School of Law, New York NY - Director of Distance Learning

FEB 2018 - MAY 2019

Shoot, Direct, and Edit Distance Learning classes for online course studies. Produce content for cyber security workshops, law seminars, and campus resources.
(Crestron, Sony, Newtek, RED)

Credit Suisse, New York NY - Audio Visual Technician

MAR 2017 - JAN 2018

Direct multimedia support for end-users both in New York and affiliate branches worldwide. Manage and troubleshoot various web & VoIP conference systems, in-room tech, and resolve service tickets. (Crestron, Cisco, Shure)

SAG-AFTRA Foundation, New York NY - Event Operations

APR 2017 - DEC 2017

Engineer live events for the Robin Williams Center in Manhattan. Duties include Live-Stream Production & Video mixing, Lighting design, Audio reinforcement, DCP projection, and Talent liaison. (Vaddio, Oppo)

EDUCATION

Weathervane Music Studio, Philadelphia PA — Internship

FEB 2016 - DEC 2016

Studied recording concepts such as microphone utilization, analog production, and session management. I ran the YouTube Live stream for their *Shaking Through* video series.

University of Valley Forge, Phoenixville PA — Digital Media

AUG 2010 - MAY 2014

Relevant Coursework: Video Production, Graphic Design, Audio Reinforcement
