- **Creativity**

‘Do what you love, and you will never work a day in your life.’

I have found that being able to do what I love has required a lot of work. Long days, countless study hours, long drives, and time away from family.

Nothing good ever comes easy, but when the why is clear, the how is easy.

Attract what you expect, reflect what you desire, become what you respect, and mirror what you admire.

ELEVATED EVENTS OF ATLANTA

Provide stellar service to businesses, artists, and patrons who come to experience festivals, restaurant entertainment, and live music. At Elevated, we strive to provide top notch booking services that partner with our award winning production. From start to finish, we make the event unforgettable for everyone involved.

CHEROKEE MUSIC CENTER (Previously)

When we were open, I employed 18 teachers and 3 full time employees. Teaching 120+ students each week, we provided a place for young and old minds alike to learn, shop, or even just kill time in our 2500 square foot music store, located in the heart of Cherokee County, GA. COVID changed the way we all did business, especially for us. After implementing a fully online lesson program in 2020 to battle our world's issues, I made the decision to shut down the brick and mortar location, and continue with a teacher partnership/collaboration with the students.
