DATE INTRODUCED: September 8, 2025

SUBJECT: A Resolution to Establish a 911 Emergency Addressing System for the Cheyenne and Arapaho Tribes.

WHEREAS: The Cheyenne and Arapaho Tribes are duly recognized by the United States Secretary of the Interior as a self-governing, Sovereign Nation, that is a federally recognized Indian Tribe with all rights, privileges, and powers attended thereto as a sovereign government, and organized in accordance with Title 25 of the United States Code, Section 450, the “Indian Self-Determination and Education Assistance Act,” and Article XVII of the Tribe’s Constitution and By-Laws and Section 3 of the Oklahoma Indian Welfare Act of June 26, 1936 (49 Stat. 1967), under an amended Constitution ratified on August, 2006 and approved by the Secretary of Interior on May 17, 2006; and

WHEREAS: Article VI, Section 5(a) of the Constitution provides that the Legislative power shall be vested in the Legislature; and

WHEREAS: Article VI, Section 5(a) of the Constitution grants the Legislature the power to make laws and resolutions in accordance with the Constitution which are necessary and proper for the good of the Tribes; and

WHEREAS: Article VII, Section 4(d) of the Constitution requires that the Legislature or Tribal Council give prior authorization for the signing of contracts by the Governor; and

WHEREAS: The Legislature has the Constitutional obligation and public responsibility to the Tribes to oversee the Tribes’ operations in order to establish and promote justice, establish guidance and direction for the government and advance the general welfare of the Tribes; and

WHEREAS: 911 service is a vital part of our nation's emergency response and disaster preparedness system. In October 1999, the Wireless Communications and Public

Safety Act of 1999 (911 Act) took effect with the purpose of improving public safety by encouraging and facilitating the prompt deployment of a nationwide, seamless communications infrastructure for emergency services. One provision of the 911 Act directs the FCC to make 911 the universal emergency number for all telephone services; and

WHEREAS: In order to deliver emergency assistance more quickly and effectively, the carriers and public safety entities are upgrading the 911 network on a regular basis. For example, most 911 systems now automatically report the telephone number and location of 911 calls made from wireline phones, a capability called Enhanced 911, or E911; and

NOW THEREFORE BE IT RESOLVED that the Speaker of the Legislature, Governor, and other necessary officials hereby authorize to adopt the 911 Emergency Addressing system for the Cheyenne and Arapaho Tribes and work with all other Emergency Management officials in maintaining and operating the 911 Emergency Addresses and authorize Governor to sign any and all documents necessary to carry out the intent of this resolution.
