

Hybrid Meetings & Collaboration

Create seamless collaboration across hybrid teams

What is it?

Our Hybrid Meetings & Collaboration Workshop evaluates your current meeting and collaboration tools, identifies gaps, and helps you design inclusive, flexible meeting experiences using Microsoft Teams and Microsoft 365.

Why we offer this workshop

Today's workforce expects the same experience whether they're in the room or working remotely. This workshop ensures your meeting spaces, devices and tools support inclusive communication, wherever your people are.

Key outcomes

- Assessment of current meeting capabilities.
- Design strategy for hybrid collaboration.
- Inclusive meeting best practices.
- Room layout and device recommendations.
- Adoption and training roadmap.

What to expect

Current state assessment

'Art of the possible' demo

Inclusion and accessibility review

Device and room planning

Adoption & deployment roadmap
